

Francesco Clemente: Dormiveglia

October 23, 2016 – April 23, 2017

Dormiveglia features nine large-scale oil paintings conceived in 1998 and other works by Francesco Clemente, a leading figure of the Neo-Expressionist movement. Influenced by his upbringing in Southern Italy, years living and working in India, and his later engagement with the 1980's New York art scene, Clemente's work is equally fragmented across place, time, and states of consciousness.
