

Human Animals: The Art of Cobra

July 9 – September 10, 2017

The largest Cobra art collection in America, this exhibition explores Cobra artists' innovative use of animal images and how they expressed elements of popular visual culture. The exhibition reveals how animal imagery in Cobra art critiques ideas about human and collective cultures, especially those relating to the animalistic, instinctual, or "primitive," offering a new perspective on an influential, but relatively unknown European art development.

Reading List

- Grade K-3 *The Museum Book: A Guide to Strange and Wonderful Collections*, Jan Mark
Actual Size, Steve Jenkins
- Grade 4-5 *A Faraway Island*, Annika Thor
Alice's Adventures in Wonderland, Lewis Carroll
