# ABOUT MUSEUM ON THE MOVE

*Museum on the Move* is an innovative education program that invites Broward County Public School students to NSU Art Museum. The program enhances learning and increases engagement by involving students in interactive programs of the Museum's exhibitions and hands-on art activities based on principles of STEAM (science, technology, engineering, art, math) along with 21st Century learning skills. These programs combine observations and discussions of the artwork where students learn to recognize mediums, materials, and the artistic process. The art activities are designed for students to recognize how different elements function together to express ideas and emotions, solve visual dilemmas, and realize artists' intentions.

MOTM in-person field trip visits are available! During their encounter, students participate in a guided tour led by an Art Educator. Students engage in conversation exploring methods of critical, and divergent thinking. In-person field trip visits also include a hands-on art making activity led by an educator.

Additionally, virtual offerings can be tailored to the needs of the virtual classroom. Several virtual learning modules are available to choose from, each specially designed to suit your teaching needs: The Elements of Art and Principles of Design pre-recorded video series includes art talk and activity with free art supply kit, art making videos and printable lessons and activities.

The Museum Education Team is here to help, and eager to bring valuable experiences to you and your students. Please feel free to contact the team with any ideas, concerns, or questions using the contact information found in this packet.

We hope you and your students enjoy your visit!

Sincerely,

NSU Art Museum  
Education Department

# MUSEUM ON THE MOVE FIELDTRIPS

Arts education is an investment in the future of our communities. Americans for the Arts reports that exposure to the arts has been statistically proven to improve students overall academic performance, increase test scores, teach tolerance, build self-confidence, reduce dropout rates and develop skills needed by 21st century workforces, including critical thinking, creative problem solving, effective communication and teamwork.

## HOW IT WORKS

- Receive Teacher Resources before your visit, available at the link provided here: <https://nsuartsmuseum.org/teacher-educator-resources/>.
- An in-person tour for the desired date and time will be scheduled.
- Qualifying schools (All Broward County Public Schools) will be provided FREE bus transportation to the Museum.
- During the tour, students are led through a discussion and presentation of the Museum's exhibitions with a Museum Educator.
- During the tour, a Museum Educator will lead the students in a STEAM-based art activity inspired by an exhibition.

Are you interested in our **FREE** Virtual Program with art materials included? Learn more by contacting the Education Department at NSU Art Museum.

Virtual Museum on the Move includes the Elements of Art and Principle of Design Series consisting of seven pre-recorded videos and activities for each series, that can be integrated within the classroom curriculum.

*All students who attend a field trip, whether in-person or virtual will receive a return pass to visit the museum with free admission.*

Produced by the Department of Education of NSU Art Museum Fort Lauderdale.
